

User Manual

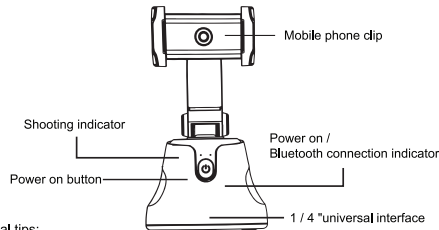

INSTRUCTIONS:

Install the App "Live 360" through your device's app store or scan the QR code to be taken directly to the app's download page.

Enter the app and the blue light will flash after the automatic connection is successful, You can now start 360° Auto-tracking

Special tips:

- (1) Provide permissions from your mobile phone to the Live 360 app.
- (2) During the connection process between the Silo 360 and your mobile phone, there is no need to search for Bluetooth name (Live 360). The Silo 360 should automatically pair with your phone's Bluetooth.
- (3) Some mobile phone models may have a Bluetooth link delay. Please wait patiently for Bluetooth automatic connection to succeed, or restart the Silo 360 and Live 360 app and retry automatic connection.

Installing the batteries:

Open the battery cover, install three AA alkaline dry batteries in the direction marked on the battery box, and then close the battery cover.

Installing your mobile phone:

Open the mobile phone clip and slide your mobile phone with front-facing camera into the mobile phone clip with the screen facing forward.

Horizontal and vertical switching:

Turn the knob on the back of the phone mount, then turn the phone clip to the horizontal or vertical position. Re-tighten the knob and then insert your mobile phone into the phone clip.

Power on:

Press the button on the front of the mount until the red light flashes.

Power off:

Press the button on the front of the mount until the red light turns off.

Connecting devices

- (1) . Silo 360 starts, red light flashes, Silo 360 is in the state of waiting for Bluetooth connection
- (2) . Turn on the Bluetooth and location information (GPS, positioning) of the mobile phone, open the Live 360 app and the Silo 360 will automatically connect
- (3) When the Silo 360 blue light flashes, the Bluetooth icon on the app interface turns blue, and the Silo 360 and app are automatically connected
- (4) . The Silo 360 will automatically shut down if the Bluetooth is disconnected for 40 seconds

Important Safeguards:
